A CHROMED INVITATION (BELLA)

If you could give one piece of advice to someone who is thinking about and/or pursuing showing horses, what would it be?

The saying goes "you win some you don't deserve and you lose some you don't deserve." Set specific goals for each class (not placing goals), then if you've reached your goal - you'll be happy and if not, that much more determined to achieve it the next time.

What is your favorite class?

Trail is quickly becoming my favorite. It's technical and there is so much to learn.

Do you have any horse showing superstitions?

No, not that I would call a superstition. Weird quirks about showing - oh absolutely!

LIVN SENSATION ALL (TRAVIS)

What is something no one would guess or know about your horse?

Stormy loves the smell of perfume and doesn't like carrots.

When she really gets going fast, during turnout, she often makes a sound like a dolphin.

What's your most embarrassing horse moment - at a show or the barn?

The one that sticks out the most is when I fell to the ground during a lesson. It was during showmanship and I managed to trip over *my own legs*, and land right in the dirt. Thankfully, I didn't get stepped on. The best part, it's on video!

What got you started in horses?

I've loved horses as far back as I can remember, so I couldn't say specifically. Even with having horses at home, I still get excited when I see one!
