Benefits

- **Reduces Inflammation and Swelling:**
The cold constricts blood vessels, decreases inflammation, swelling, and tissue damage.
- **Alleviates Pain and Muscle Soreness:**
Provides pain-killing effect by numbing the area and reducing pain sensitivity.
- **Accelerates Recovery:**
By promoting blood flow and flushing out toxins, speeds up the healing process for both new injuries and post-surgical recovery.
- **Improves Flexibility and Range of Motion:**
By limiting pain and inflammation in muscles and joints, helps horses achieve better flexibility and coordination.
- **Boosts Performance and Stamina:**
Can trigger the release of hormones like endorphins and testosterone, which can improve a horse's confidence and muscle mass.
- **Decreases Injury Risk:**
Regular treatments increase collagen production, leading to more flexible and durable muscles.
