A letter from our President

Hello everyone! The last two shows are upon us! The Idaho Miniature Horse Club is putting on a fun event September 19th at Birt arena. This show will feature a lot of classes geared towards minis, such as obstacle driving and youth driving classes. Please come and support our local clubs and get those year end points!

This is the last show before Fall Double Point. Fall Double Point is September 25th through the 27th at High Desert Station in Star Idaho. Same great show just a different location. Please make sure to get your stall entries into Wade Kirksey. Send him an email at wadekir@gmail.com with how many stalls you will need and how many bags of shavings. There are A TON of mustang classes that have been added this year so make sure that if you have a mustang, or know someone who does, let them know! There will be four mustang high point and reserve awards. We also have all our regular awards to give out as well! Friday will again be our ranch day with a full slate of ranch classes and high point awards for all divisions. This is our first time hosting a show at this facility so please be patient as we work out the kinks. Please make sure to clean up after yourself as well. There is a \$150 per hour clean up charge that the club will incur if we all don't help out. We really appreciate everyone who comes and supports our shows and we couldn't do it without you. I really hope to see you all at our next two shows! Stay safe and practice hard!

Sincerely your president,

Patricia Schuster

COVID-19 Guidelines for Exhibitors

Social distancing: Designating with signage, tape, and by announcements indicating six-foot spacing for guests and staff in line to maintain appropriate distance. Make every effort to eliminate lines through such practices as curbside or online check-in.

At least one stall, or 10-foot distance between common collections of stalled horses. Common collections constitute groups of horses managed by a specific training barn, regardless of ownership, making every effort to ensure that no one is forced to walk through another common collection space.

Space animals in show ring to maintain social distancing.

Require judges to maintain a minimum of 6 feet of distance from other judges and exhibitors.

Recommend masks for exhibitors, judges and show stewards.

Exhibitors should pick up prizes at exit rather than through staff hand off.

Maintain social distancing in wash bays.

Signage and announcer reminders should include prompts to social distance and exercise good hand hygiene.

Arena entrance / exits will be arranged so that exhibitors are not coming in close contact entering and exiting the arenas.

If social distancing is impossible in show offices, plexiglass can be used to segregate staff.

Exhibitors must keep 6 feet of space between each other at all times.

The total number of horses and contestants in each competition area will be limited, based on state or local guidelines at the time of the event. Depending on regulations, exhibitors could be restricted to going to holding/warm up areas until 30 minutes prior to their run.

Liability waivers WILL be required to protect show management and ISHSA in the event an exhibitor or guest becomes ill during or after being at a show.

Show program and premium books should include language that requires exhibitors to comply with social distancing and gives show management the power to ask guests to leave the grounds in the event that they exhibit symptoms of communicable disease, or are not adhering to social distancing.
